Del Furniture is one of the key subsidiaries of Del Groups Holding, with a strong focus on the design and production of modern, high-quality furniture, playing a prominent role in the interior design industry. Leveraging the international experience of the holding in markets such as Iran, Canada, and Italy - and relying on cutting-edge technology and a team of expert designers - Del Furniture has succeeded in delivering products that meet global standards.

The company began its operations with the production of the popular DSW Chairs - a combination of wood and metal, offering a blend of aesthetic appeal, ergonomic comfort and durability. These products quickly gained a solid foothold in the dynamic and competitive markets of Azerbaijan and neighboring countries. With the development of its production infrastructure and targeted investment in advanced equipment, Del Furniture expanded its product range.

Today, the brand's portfolio includes a wide variety of items such as different types of chairs (including Polish, Teddy, bar, student chairs and more), kitchen tables, round and rectangular dining tables, TV stands, shoe racks and various other interior decoration pieces. All products are designed with modern aesthetics, high quality, and customizable features to meet the specific needs of customers. In line with enhancing its services and responding to market demands, the company has also engaged in the import and distribution of cabinet surfaces, raw boards, HPL panels, and other related materials - effectively supplying a significant portion of the needs of manufacturing units and professionals in the interior design sector.

Del furniture's core mission is to provide innovative, functional, and high-quality solutions for residential, office, commercial and hospitality spaces - delivering a unique and satisfying customer experience through creative design, standardized production, and professional service.
